## SALVATION ARMY LEADER IS DEAD

General William Booth Who Founded Militant Order, Dies from Operation

### HIS SON WILL SUCCEED HIM

That Bramwell Booth Will Take Up Command of the Army Is Believed His Father's Desire

LONDON, Aug. 21.—Gen. William Booth, commander-in-chief and founder of the Salvation Army, died Tuesday evening. Gen. Booth had been ailing since last spring. In May he underwent an operation for the

removal of a cataract in the left eye. The operation was not successful and since that time the aged evangelist had been steadily failing. General Booth was in his eighty-fourth year. Thousands of telegrams of sympathy with him in the loss of their leader, General William, were received by the Salvation Army headquarters today. Several rulers of nations and stores of men and women, world famous in many different lines, expressed their grief at the general's death, and their appreciation of his greatness.

### Son to Succeed

That the general's son and chief of staff, Bramwell Booth, will succeed his father, Salvationists today considered a foregone conclusion. The will in which the dead commander many years ago told his lawyers he had named the individual to whom he wished to bequeath his baton, will be opened very soon, possibly today, as it is important that the break in the army's leadership be made as brief as possible.

Arrangements are already being made for the removal of General Booth's body from his home at Haddenham, England.

## Two Weddings Fail; Sailor Is Still Single

BOSTON, Aug. 21.—Leo F. McCready, ship's steward, today was on his way back to Halifax, still unwed. Twice it was arranged for him to marry Miss Katherine Marks of Miami, Fla., and when McCready left Boston he did not know where his fiancée was. Monday fifty guests were assembled in New York to witness the nuptials and Miss Marks was waiting. McCready failed to arrive in time for the dual reason that his ship was late into this port and he missed a train. He then arranged by wire for Miss Marks to come here and announced that the belated ceremony would take place yesterday at St. Mary's church. Miss Marks did not appear.

## TELL "SUNNY JIM" HE'S NOMINATED

Notification of Republican Vice Presidential Candidate Is Held Today

### UTICA CELEBRATES THE DAY

Sherman's Home Town Is Flooded with Visitors to Watch the Ceremonies

UTICA, N. Y., Aug. 21.—James Schoolcraft Sherman this afternoon was formally notified that he would be a second time nominated by the republican party for vice president, an honor never before conferred. Thousands of friends of the vice president, arriving early by train, automobile, horse and afoot, filled to overflow Roscoe Conkling Park on the southern outskirts of the city. In delivering the formal notification, Senator George Sutherland of Utah, chairman of the committee scathingly attacked Col. Roosevelt and the progressive party movement. A large part of Sherman's speech of acceptance was devoted to a defense of the Payne-Aldrich tariff measure.

This was Sherman's day in Utica, the whole city turned out with thousands of visitors to see its leading citizen be informed that he has been chosen for the second time as the vice presidential candidate of the republican party, an honor never before given twice to the same man by the republicans.

Senator Sutherland of Utah was on hand early and the center of much interest as he was to deliver the formal notification. Vice President Sherman had expressed a desire that the ceremonies be made as simple as possible but he wished everyone to have a good time. The arrangements committee had planned to make it a gala occasion, and there were various forms of amusement and entertainment for the visitors.

National Chairman Hillis who left Washington last night, was expected to take a prominent part in the program, and throughout the morning republican leaders from all parts of the state were arriving. The sky was overcast but the smile of "Sunny Jim" was apparent and all the prospects indicated that the day would be a record breaker for Utica.

### ALL WILL RECOVER

INDIANAPOLIS, Ind., Aug. 21.—No fatalities will result from the collapse of the stand during the notification of Governor Thomas R. Marshall, when 500 persons were hurled to the ground and 100 were injured, according to reports today from the hospitals and other places where injured are being cared for. Eleven are still in the hospitals.

### AMBASSADOR'S FAMILY HURT

BERLIN, Aug. 21.—United States Ambassador Leishman's two daughters were dangerously injured in an auto accident near Reichershausen today. They were returning from Munich to Berlin with their mother at the time.

Mrs. Leishman was also badly injured.

### PERKINS-FIERS WEDDING.

Miss Ella Perkins of this city and Lawrence Fiers of Onalaska were married at the Caledonia Street M. E. parsonage this afternoon by Rev. A. V. Ingham. The couple left for a trip, after which they will be at home at Brice's Prairie.

### WASHINGTON EDITOR DIES

WASHINGTON, Aug. 21.—Thomas C. Noyes, president of the Washington baseball club and one of the proprietors of the Evening Star, died at the Homeopathic hospital here shortly before noon today. He was suffering from pneumonia.

## FIGHTING STARTS AGAIN IN CHINA

Vice President Li's Headquarters the Scene of New Outbreak

### NO HOPE FOR SUN YAT SEN

Believed Yuan Will Not Allow Liberator to Leave the Capital City Alive

SHANGHAI, Aug. 21.—That desperate fighting is in progress at Wu-Chang is confirmed today by a dispatch from Hankow. At the latter place the nature of the outbreak is unknown, though it is taken for granted that it grows out of President Yuan Shi Kai's recent killing of two republican generals who had been invited by him to Peking from up-country to see him.

Wu Chang is vice president of Li Yuan Hung's headquarters. Hankow and Hantung constitute virtually one great city. They are separated from one another, however, by the fork of the Yangtze and Han rivers. Hankow has a large foreign settlement and grave uneasiness is felt for its safety.

### Li Deserts Yuan

Vice President Li has supported President Yuan hitherto but it is understood to have been estranged from him by Yuan's attempt to throw responsibility upon him for the execution of the two generals when he discovered how unpopular he had made himself by killing them.

One theory is that friends of the dead generals, accepting Yuan's version, have attacked Li. Another is that Yuan's friends initiated the attack because he has become the president's enemy. According to other reports Li has decided to throw off Yuan's authority and is fighting the latter's supporters.

At all events, it is feared the outbreak marks a resumption of the war. Many republican Chinese here favor making Li president of southern China and declaring immediate hostilities against the northern provinces where Yuan is in control. Dr. Sun Yat Sen, the first provisional president, undoubtedly would be chosen, but that few think he will escape alive from Peking, whether he has gone to investigate the killing of the two generals. It is supposed he landed today at Taku, whence it is but a few hours' journey by land, via Tien Tsin to the capital.

### Defection Denied

Reports telegraphed from Peking to the London Times and re-telegraphed from London to newspapers here, denying the development of opposition to President Yuan, are attributed to Dr. Morrison, who resigned very recently as the Times' Peking correspondent to become nominally political adviser, but really press agent for the president.

### Will Impeach Ministers

The national assembly decided today to impeach President Yuan's premier and war minister. They are accused of having advised the execution of the two "hupeh generals." The assembly's action is interpreted as intended to let President Yuan know that the members think of the execution without making him desperate by "taking away his face."

Yuan probably will defy the lawmakers, however.

### MILLION FOR THEATER

LONDON, Aug. 21.—An English syndicate headed by Max Raisingoff today cabled Oscar Hammerstein an offer of \$1,000,000 for his London opera house. The syndicate made a deposit of \$410,000 as an evidence of good faith.

## WILL SIGN CANAL BILL

TAFT TO PUT PRESIDENTIAL O. K. ON PANAMA ACT ALTHOUGH IT DOES NOT MEET APPROVAL

WASHINGTON, Aug. 21.—President Taft will not veto the Panama bill, it was learned at the White House today, although the measure is not entirely to his liking.

The president thinks that congress should have made it plain that the legislation is not intended in any way as a repeal of the Hay-Pauncefote treaty. However, owing to the lateness of the session and the fact that there is pressing need for the Panama bill to become law at once, so that the engineers can plan their operating organization, the president will sign the bill, but will probably send a message to congress pointing out his objections.

### REBELS REACH NOGALES.

EL PASO, Texas, Aug. 21.—Rebels moving from the west toward the Casas Grandes district, have reached Nogales, Sonora, and are causing alarm in the American town of Nogales, Ariz., according to advices received here today. Federal troops sent by special train from Hermosillo are expected to reach Nogales today and a battle is anticipated. With 2,000 federal troops occupying the city, Juarez today resumed its commercial and social life.

## Third Party Is Out Against Nick Longworth

CINCINNATI, Aug. 21.—Congressman Nick Longworth, republican candidate for reelection, had hoped that the bull moose would refrain from attacking a member of the family. But it is not to be so. Dr. A. O. Sewick, local progressive leader, has announced his candidacy against Longworth. It was intimated today that orders for a fight on Longworth came straight from Armagaddon, but Sewick said Col. Roosevelt would remain neutral in the contest.

Longworth is known to be a Taft man, but he has been somewhat subdued on this subject since his father-in-law bull moosed. "Nick's" democratic opponent is Stanley Bowdler, a picturesque orator who devotes his spare time to cracking jokes about Longworth's bald head and his relation to the only living ex-president.

## WOODMEN WOULD NOT SPARE EKERN

Resolution Asks Governor McGovern to Recall the Commissioner

### TO ENTER POLITICAL ARENA

Threaten to Work for Defeat of Governor if He Does Not Grant Demands

A resolution demanding the withdrawal of Insurance Commissioner Ekern by Governor F. E. McGovern and threatening to use their influence to defeat McGovern at the fall election if he does not comply with their request, was presented by the committee on resolutions at the joint convention of the National Modern Woodmen assembly and the Milwaukee Laymen association of Modern Woodmen of America late this afternoon. Members of the resolution committee declare that the resolution will be adopted beyond doubt. Practically every Woodman organization in the state is represented at the convention. The resolution is given as follows:

"Whereas, in view of the fact that the insurance law now on the statutes of the state of Wisconsin with reference to fraternal insurance is such as to cause in time the annihilation of such fraternal insurance organizations, therefore be it

"Resolved, by the Wisconsin Branch of the National Assembly of Modern Woodmen association, that this assembly and every member thereof, regardless of political affiliation, do hereby pledge ourselves to vote against, and enlist the support of all other voters to vote against the election to office of any state officer or member of the legislature or any candidate for a county office, who supports them, who does not unqualifiedly declare in writing that if elected to office he will use his utmost endeavors to cause the repeal of all such insurance laws as are now on the statute books, and to enact other laws to take their place, which will leave it with such insurance companies to govern their own affairs, and be it further

"Resolved, that we favor a referendum on questions of rates and favor such legislation as will prohibit the changing of rates of fraternal insurance company, without the question of such rates having been first submitted to a referendum vote and a majority of the votes cast on such question shall determine the question, and be it further

"Resolved, that we demand of the present governor, to remove from office the present insurance commissioner, for the reason that he has shown himself to be either misguided, incompetent or working in the interest of old line insurance companies, and be it further

"Resolved, that in case the present governor does not remove from office said insurance commissioner, this assembly and every member thereof use all honorable means to cause his defeat at the coming election."

Over 165 camps with membership to the National Modern Woodman assembly from all parts of western Wisconsin are present. A conference committee from the Milwaukee Laymen association of the Modern Woodmen of America, representing nearly every camp in the eastern half of Wisconsin met with a similar committee from the western organization this morning and merged the two organizations under the name of Branch of Wisconsin of the National Modern Woodmen assembly. Officers of the joint organization were elected as follows: David W. Agnew, Waukesha, president; Charles Buchta, Milwaukee, secretary; A. J. Rieck, Weyauwega, assistant secretary.

Urging the members to remain loyal to the order of Modern Woodmen.

## PASS VETOED LAW A SECOND TIME

Budget Bill Refused by Taft This Morning Goes Over is Head in the House

### FAILS IN THE UPPER HOUSE

Senate Unable to Pass Bill Over Veto and Court Will Probably Remain

WASHINGTON, Aug. 21.—Attempt to over-ride President Taft's second veto of the "budget" appropriation bill, failed this afternoon. The house mustered the necessary two-thirds—154 to 53, but the attempt failed in the senate—34 to 27, forty-one votes being necessary to pass the measure.

It was believed that the bill would be immediately repassed by both houses with the commerce court abolition, to which Taft objected to being eliminated.

By the overwhelming vote of 154-53, the house today for the second time passed the "budget" appropriation bill over President Taft's veto. Twenty-one republicans voted with the democrats. Representative Suler of New York was the only democrat voting to sustain the president.

For the second time within a week, President Taft today vetoed the executive, legislative and judicial appropriation bill. The president based his disapproval on the ground that it abolished the commerce court.

In his former veto the president objected to the bill both because of the court's abolition and the limitation on civil service tenure. On its second passage congress eliminated the seven-year tenure but allowed the commerce court provision to remain.

Legislators have told Taft personally that the bill can be passed over the veto as more than two-thirds of the members of both house and senate are said to be opposed to the commerce court.

The veto message was a bare ten lines in length and merely asserted that the president was returning the measure because of the commerce court's elimination. Attention was called to the previous veto message. At the conclusion of the reading of the president's message in the house, Representative Fitzgerald moved to pass the budget bill over the veto.

The republicans who today voted to override the veto because of their desire to abolish the commerce court were: Cooper, Wis.; Curry, N. M.; Davis and Helgeson, Minn.; Kendall, Iowa; Kent, Cal.; La Follette, Wash.; Lindebergh, Minn.; Murdock, Kas.; Norris, Neb.; Reese, Kas.; Steenerson, Minn.; Townner, Iowa; Woods, Iowa; Young, Kas.; Farr, Penn.; French, Idaho; Hawley, Ore.; Kindred, Neb.; Lafferty, Ore., and Miller, Minn.

House leaders said today that if the senate does not pass the bill over the veto, the provision abolishing the commerce court will be stricken from the bill and the measure re-passed without any of the features disapproved by the president.

When democratic house leaders heard of the refusal of the senate to pass the bill over Taft's veto they acceded to the inevitable and gave up the fight to abolish the commerce court.

Chairman Fitzgerald of the house appropriations committee announced that he would attempt at once to have a new bill passed with the commerce court clause stricken out.

## CHASES ALFONSO OUT

KING OF SPAIN LEAVES ENGLAND AFTER FIGHT WITH HIS MOTHER-IN-LAW OVER FLIRTING

LONDON, Aug. 21.—When King Alfonso of Spain rushed from Cowes up to London just before the end of regatta week and announced he was going home immediately it was officially given out that his son Jaime was ill. The queen seemed so indifferent, however, that the explanation of urgent state affairs, was substituted. Today it leaked out that the unromantic real reason he left was that the king had just had a row with his mother-in-law. Details are lacking but it has long been known that Princess Ena of Battenberg considered him too flirtatious.

Their latest argument was very violent and at the end of it Alfonso has his baggage packed and left Osborne cottage in a hurry. His wife is trying to patch up the quarrel.

### IOWA MOOSE SLATE PLAN

DES MOINES, Iowa, Aug. 21.—After a stormy session of the bull moose state central committee, Chairman Carl Franke this afternoon announced that the committee had decided to place a state ticket in the field to aid Roosevelt in carrying Iowa and that the convention would be held here September 4 at the time of Colonel Roosevelt's visit.

## Takes Children From Their Wild Mother

CHICAGO, Aug. 21.—Robert Walunce, 6, and his six months old baby sister, whose home for five days has been a hollow tree, were being cared for at a West Pullman orphanage today. Their clothing drenched by recent rains, almost famished and their only guardian a mother whose insanity transformed her into a wild woman of the forest, the children were found last night by the police.

The mother and her children had been missing for five days. When the "Babes in the Wood" were discovered by the police their mother fought with the ferocity of an animal to prevent their being taken from her. She will be placed in an asylum and the children after they have recovered from their experience will return to their father.

## ASSAULT VICTIM HID HIMSELF IN FEAR OF DEATH

Frank Smith Walked to La Crosse After Hiding Two Nights and Day in Barn

### BARRE MILLS MEN ARRESTED

Plead Guilty to Brutally Beating Stranger Sunday Night; Fined \$20 and Costs

### TRIVIAL EXCUSE IS GIVEN

Say They Suspected Smith of Untying Horse; Attack Helpless Stranger While Drunk

After lying hidden in a hay barn near Barre Mills two nights and a day, during which time the belief that he was the victim of foul play stirred the community as it has not been stirred in years, Frank Smith, battered and bruised almost beyond recognition, appeared in La Crosse last night and the alleged homicide resolved itself into a case of assault and battery. Henry Schroer and Walter Tauscher, who were arrested on the farm of Fred Heyer yesterday afternoon by Sheriff Chris Burns, were arraigned before Judge John Brindley in county court today, pleaded guilty to a charge of assault and battery and were fined \$20 and costs apiece.

The story told by the two men and their victim in court today was one of cowardly brutality vented on a stranger for no other reason than the suspicion that he had untied their horse which was hitched back of a Barre Mills saloon. The only excuse they had to offer was that they were drunk. The three men agree in every essential in their stories of the assault which took place at midnight Sunday on a lonesome spot on the road about a mile east of Barre Mills.

### Find Horse Untied

According to the story told by Walter Tauscher, who is a farm hand twenty-three years of age, he and his companion, Henry Schroer, also a farm hand nineteen years old, spent all Sunday evening at William Meyer's saloon at Barre Mills. They drank and dined with Frank Smith until nearly midnight. Smith, who intended to go to work for Carl Walter Monday morning, asked to ride home with the young men, who were going his way, but according to Tauscher they refused to take him along. Shortly after he left the saloon closed and they got ready to go home. They found their horse untied and came to the conclusion that Smith had endeavored to get revenge for their refusal to take him along by making their horse run away. They decided that when they caught up to him that they would give him a beating. Two boys, Louis Sprain and Jon Stumsteg, accompanied them in the buggy.

They passed Smith about a mile from Barre Mills, stopped, tied their horse to a telephone post, walked back and accused him of untying their horse. In spite of the fact that he denied the charge they set upon him and beat him until they were exhausted. The sounds of the fight woke the family of Edwin Sprain, who lives about sixty rods from the scene, and according to Mrs. Sprain, it sounded as though someone was being killed. The sudden silence, when Smith lost consciousness, and the others drove away strengthened their fears.

### Left Lying on Road

After pounding Smith until he was unconscious, they left him lying in his own blood on the road and went home. They talked freely of the fight with their friends the next day and even boasted of how they had beaten the stranger. Schroer's shirt sleeve bore blood stains and Tauscher's trousers were literally splashed with blood where he had held Smith's head between his knees during the assault. The boys who accompanied them said yesterday that Tauscher and Schroer stopped beating Smith only when the horse got tangled in the wire fence and they had to take him out.

In explaining his disappearance after the assault, Smith today said that when he regained consciousness, he found himself lying at one side of the road. As soon as he was able to walk, he said, he went to a barn nearby—he does not know to whom the barn belongs—and crawled into the haymow where he hid himself. He said that he was afraid to come out for fear the two men would find him and "finish the job." He laid there until about 4 o'clock yesterday morning, when he walked to La Crosse. He registered at the Corcoran hotel under the name of Ben Peterson, where he was found last night by Detectives Joseph McGrath and William Fitzsimmons. He was taken to the police station where he spent the night.

### WOODMEN WOULD NOT SPARE EKERM

(Continued from Page One.)

men by not dropping away but to fight against the increase of the insurance rates which he branded as unjust, J. L. Sundean of Minneapolis gave an interesting talk against the higher insurance rates before a large gathering of Woodmen at Linker Hall last evening.

Declaring that in spite of the increase in the insurance rates, to which he was opposed, that the Woodmen insurance was saintly when compared to that of the old line companies. Mr. Sundean asked the members not to drop from that fraternal organization. The agent of the old line company will bend every effort towards getting the insurance away from the Woodmen now that the order is filled with dissension, he said, urging the members to remain loyal and not allow this to occur. He expressed the wish that the delegates would benefit from the conference being held here and that they would return to their camps ready to meet all troubles which may arise later.

#### Scores Old Line Companies

Although admitting that the raise in the insurance rates by the Woodmen is unjust and unfair, Mr. Sundean called the old line companies an economic graft and a detriment to the people. By means of figures he showed what enormous profits the old line companies realized each year and how they reaped rewards which were much larger than the amounts which they paid out for deaths. He demonstrated how experts figured out the amounts which were to be paid out for expenses and for deaths and he stated that these experts' calculations went amiss by thirty-three and one-third per cent. He claimed that they were "expert fakers and nothing else."

Asserting that the Woodmen should employ common honesty and common sense in dealing with the insurance problem, Mr. Sundean showed how the raise in rates was an injustice.

#### Old Members to Drop Out

"They should not freeze out the old members," said he, "by raising their rates three hundred per cent over the rate at which they joined as young men and which they were to enjoy for life. Instead of this, common honesty should be used and the just way of doing would be to allow them the same rate in old age which they had had before and which they were to retain."

"If this is not done, it will mean that the old members will drop out. They will go to the young members and advise them to drop out by telling them that their rates had been increased and that the same thing will befall them when they reach an advanced age. This will mean that young members will drop from the order."

Mr. Sundean urged that the old members be allowed their former rates after which, he said, the older members would inform the young men that the Woodmen were just and that they should join and get their friends to join. This would mean a larger membership and as a result the rates necessarily would be lowered.

"The insurgent movement is not a revolutionary one," he said. "It is the common people who really settle all questions and were it not for their help in solving problems they would never be settled as all the experts, who know everything, never agree."

"Insurance rates do not have to be as high as actuaries claim they must be. By eliminating territory including large cities and the unhealthy south we can keep the insurance in healthy communities where the death rate is low when as a consequence the rates will become lower."

As one means of lowering the rates on insurance, Mr. Sundean said that if the reserve fund were invested so that it would net from five and one-half per cent to six per cent that this would be a big help. The medical examinations of applicants for insurance has been too lax and if more care were exercised in selling insurance this would be an aid to lower rates.

"The officers claim that those who drop out of the order after remaining for some time are of no benefit and net a loss but I cannot see where that is so. In the last ten years 600,000 members have dropped out of the order and they have paid in \$17,000,000 which should be divided among the various camps. This is all clear profit and those who dropped out received no benefit from it. This has paid one-fifth of the death claims."

"Some claim that the cost of insurance can be figured out but this cannot be done."

"If the Indianapolis rates had been in force, the order would have collected \$70,000,000 and together with the interest a large sum of money would have been on hand. It has been claimed that some camps receive more in payments than they pay in but this is not true."

Asked why the rates had been increased three hundred per cent, Mr. Sundean replied that it was simply because the officers decided to do so.

#### WRIGHT HAS FALL

DAYTON, Ohio, Aug. 21.—Orville Wright, the noted aviator, today wore a large bump on his right eye as the result of trying late yesterday to break the hoodoo that attaches to his birthday.

Wright experimented with his new hydroplane several miles south of Dayton and had a fall of thirty feet into the Miami river when one of the wings of the combination plane failed to work properly. The force of the fall was broken by the operation of the hydroplane attachment, but the aviator was struck in the face by one of the broken parts.

Wright swam to shore and secured the aid of a farmer and some campers who with a two horse team pulled the damaged craft out of the water. Three years ago today Wright fell from his machine at Fort Myer, near Washington. Lieutenant Selfridge being killed instantly in the accident.

#### ATTACK T. R. VIEWS

WASHINGTON, Aug. 21.—Col. Roosevelt's views regarding historical personages came in for a severe oratorical lambasting today in the senate, by Senator John Sharp Williams of Mississippi. "Intemperate animosity," was one of Williams' shots at the ex-president in denying Roosevelt strictures on Thomas Jefferson.

"Notwithstanding this contempt and hatred of Jefferson," the senator said, "Jefferson's portrait adorned the bull moose convention hall."

Williams denied that Jackson and Monroe were "figure heads" as he said Roosevelt had dubbed them, and asserted that Jackson was like Roosevelt, "only he had more self-control and was less selfish."

#### AMATEUR LICKS JEFFRIES

LOS ANGELES, Cal., Aug. 21.—A battle in the wilderness in which James J. Jeffries figured and as a result of which he received a badly twisted ankle was told today when Jeffries and his brother Jack returned from a hunting trip near Soledad, Cal.

Jeffries' injury was received when he and an unidentified hunter fired simultaneously at a buck. The animal fell and each claimed it. The stranger, unaware of Jeffries' identity, attempted to take the carcass by force. Jeffries immediately swung his mighty right at the enemy's jaw, but missed and a fierce mix-up ensued. Jeffries' head went down the former champion down an eighty-foot incline where he twisted his ankle. Jeffries grabbed the buck's legs as he fell, and dragged the animal with him.

Thinking Jeffries had been killed, the stranger fled. Jack Jeffries found his brother two hours later and helped him into camp.

## CORSIKAN GETS TO LIVERPOOL

Allan Liner Hit by Iceberg Saved After Crash by Collision Bulkheads

LIVERPOOL, Aug. 21.—The Allan liner Corsican which hit an iceberg near Newfoundland, August 12, outward bound from Canadian ports for Liverpool, arrived here today. Her damaged bow was protected by collision bulkheads.

According to Captain Cook the Corsican was at much reduced speed when the berg loomed up ahead of the fog. The engines were instantly stopped but it was too late—the ship touched, though the shock was not severe.

At the captain's order the crew swung out the boats in quick time and all preparations were made for abandoning the ship. Examination quickly showed, however, that the damage was ten feet above the water line, so the boats were returned and the voyage resumed.

Some of the passengers disagreed with the captain concerning the severity of the shock. They said a number who happened to be in their bunks were nearly thrown out, that the crash was so terrific and that some tons of ice fell onto the deck. Water was nineteen feet deep in the hold Sunday, one added.

It was also asserted that some passengers were greatly frightened and that a few jumped into the boats.

The captain, however, was warmly praised by everyone. The passengers presented him with a gold watch and a handsome purse before reaching port.

## INCOME TAX TO NET BIG AMOUNT

MADISON, Wis., Aug. 21.—Estimates by the Wisconsin Tax commission places the revenue to be derived from the new income tax at a figure from \$2,500,000 to \$3,000,000 in 1912. The cost of administering the new law, according to the tax commission estimates, will approximate \$30,000. The estimates are based on returns which have been received by the commission from over two-thirds of the counties in the state. In addition to the added revenue from the income tax, the tax commission is sponsor for the statement that the personal property assessment in Wisconsin in 1912 will not fall below the personal property assessment in 1911 despite the exemptions of moneys and credits, farm machinery and household goods under the income tax.

Mr. Trott's jurisdiction as inspector covers some nineteen different districts, including the inland waterways and the lighthouses on the coast.

## ENGINEER IS BLAMED

WASHINGTON, Aug. 21.—Responsibility for the train wreck on the Lackawanna railroad at Corning, N. Y., July 4, when 39 persons were killed and 85 seriously injured, was placed by the interstate commerce commission today on "the failure of Engineerman Schroeder to observe and be governed by automatic block signals, intended for prevention of accidents of this character, as well as the signals given by a flagman."

## MAY IMPLICATE HEAD OF POLICE

Deposed Inspector Alleged to Be Making Charges Against Commissioner Waldo

NEW YORK, Aug. 21.—As an inducement to have the authorities redouble their efforts to apprehend Gyp the Blood and Lefty Louie — two of the gunmen indicted for the murder of Herman Rosenthal — District Attorney Whitman said today that he was considering offering a reward of \$5,000.

It was reported at the criminal courts building that Cornelius G. Naves, whom Commissioner Waldo suspended as an inspector and reduced for "making false statements and failure to close disorderly houses in his district," had asked assistance from Whitman. Naves contends that Waldo ordered him not to raid disorderly houses unless he was specifically ordered and that he was only obeying Waldo's commands.

Commissioner Waldo was today busily engaged in collecting evidence to be used against Naves when he comes up for trial Saturday. It was learned that Waldo has ordered the inspectors and lieutenants of the force who are in touch with the gambling situation to appear as witnesses.

It is Waldo's intention to show by the testimony of the officers that his orders to clean up the town were understood. Sensational developments in the police department are expected to follow.

REPUBLICAN MEMBERS OF CONGRESS WHO DISCUSS CAMPAIGN PLANS NOT INSURGENTS

WASHINGTON, Aug. 21.—In the minority caucus room of the house office building today, National Republican Chairman D. Hilles conferred with the republican members of the house.

There was a notable absence of progressives, Representative McKinley, Taft's pre-convention manager, vigorously denied that the purpose of Hilles' visit was to "smoke out" the progressives. "There is nothing to the report that Mr. Hilles came here to force republicans to come out and declare themselves with respect to presidential candidates," McKinley declared. "He came here to get some campaign suggestions and I think we will give him a lot of valuable information before he goes away."

Hilles announced yesterday that George R. Sheldon would be treasurer of the republican national committee during the campaign. Sheldon acted in a similar capacity in 1908.

Hilles had breakfast with the president and went over campaign plans with his chief.

### SPLIT COMMITTEE TO HANDLE WEST

Davies Made Head of the  
Western Branch of the  
Wilson Campaign

SEA GIRT, N. J., Aug. 21.—Half of the national democratic campaign committee will conduct the western campaign for Woodrow Wilson. This announcement was made today by Gov. Wilson.

The arrangement proposed for Chicago does not in any way interfere or cut across the authority of the national campaign committee as a whole. It merely transfers half of the committee to Chicago in order that they may conduct their work there with special reference to the western country. The committee in charge is divided in space merely and not in authority.

Secretary Davies of the national committee will be the chief executive officer at Chicago. Those who go with him are Senator Gore of Oklahoma; Col. Robert Ewing of Louisiana; Representative Burleson of Texas; Senator Reed of Missouri; Will R. King of Oregon, and Charles R. Crane of Chicago.

MILWAUKEE, Aug. 21.—The formal call for the state convention of the new progressive party to be held in Milwaukee on September 11, during the state fair week was issued this afternoon by Norman L. Baker, chairman of the state organization. Advisability of placing a bull moose ticket in the field in Wisconsin will be one of the main questions before the delegates who will assemble from every county in the state. The gathering is expected to last two days during which Governor Hiram Johnson of California, candidate of the national party for vice president, is scheduled to address the delegates.

The call is signed by the following members of the provisional committee: John Hicks, Oshkosh; H. E. Miles, Racine; C. K. Lush, Madison; J. R. Taylor, Madison; W. A. Titus, Fond du Lac; R. C. LEADER OF REBELS IS SICK AND  
HIS ARMY GETS TIRED  
OF FIGHTING FED-  
ERALS

CORINTO, Aug. 21.—With communication between Corinto and Managua partially restored, fragmentary reports reaching here today indicate that the massacre of 430 federal soldiers by insurgents at Leon may mark the climax of the latest Nicaraguan revolution. Gen. Mena is now confined to his bed and unable to take any part in directing the movements of his troops. As the revolution was brought on largely as a result of Mena being piqued, when he was ousted from the cabinet, it is believed the revolution may be at an end from lack of leadership. Negotiations for peace have been on for several days.

## SALVATION ARMY LEADER IS DEAD

(Continued on Page Six.)

Jeywood, near London, to the Salvation Army congress hall, in the London district of Clapton, where it will lie in state for a week before interment, presumably beside his wife at Abney Park, Stoke Newington. An effort is being made in several influential quarters to have the great Salvationist laid to rest in Westminster Abbey, but the Abbey authorities, it is said, are opposed to the suggestion. As a dissenter

• LONDON, Aug. 21.—General Booth's will was opened this evening, and Bramwell Booth, the general's son and chief of staff, was found to be named as his successor as commander of the Salvation Army.

and a religious leader along lines which "high church" England looked on as, to say the least, decidedly unconventional, churchmen generally, while freely conceding his greatness, cannot get over the idea that he was all his life something of a religious outlaw.

### Laid Down Sword

Salvation Army headquarters today issued the following official announcement to the army of General Booth's death:

"Our general has laid down his sword. God is with us."

General Booth left practically no personal estate. Vast sums were contributed to him or earned by him through his writings, but all of it went toward the support and up-building of the army. His death was directly due to septic poisoning and the shock of an operation for the removal of a cataract from his left eye but his physicians said today that really he succumbed to old age, and wear and tear of a long life-time of incessant work.

### Prodigal Returns too Late

It is understood that the day he died a cable message was received expressing the love and sympathy of his son, Ballington Booth, from whom he had long been estranged, but the general was unconscious when it arrived and died without knowing of his son's overture toward a reconciliation.

### No Reconciliation

NEW YORK, Aug. 21.—Denying that any members of the Salvation Army had attempted to reconcile him with his father, General William Booth, who died last night in London, Ballington Booth, estranged son of the dead commander, today made the following statement:

"General Ballington Booth deplores any reference being made at this sad time to the estrangement between himself and his father which rose purely over matters of government and principle more than sixteen years ago. He desires to be silent about the Salvation Army statement except to say that he has always treated his father with the deference due to a great man. His youngest brother and second sister also are out of the army and he has no knowledge of any effort being made within these last days or at any time toward reconciliation. He would have gone to his sister Eva, but when he and his brother at the time of Mrs. Ida Booth's death offered sympathy they were met with rebuff. He has sought to avoid on this occasion a repetition of the public appearance of disagreement. Sympathy was written with affection to his

brother, Bramwell Booth."

### Taft Eulogizes Booth

WASHINGTON, Aug. 21.—President Taft this afternoon dictated the following eulogy of the late General Booth of the Salvation Army:

"General Booth was one of the remarkable characters of the world. He had genius for the organization of men and woman against vice and for the uplifting of those usually regarded as lost in immorality and crime. The Salvation Army was for many years the subject of ridicule and was looked upon by many sensible and good men as a ridiculous parade of notoriety-seeking persons.

"General Booth and his most remarkable family have lived long enough to see the Salvation Army grow to be a force in every great country in the world. He was as fully entitled to the term general as any military officer who marshalled his army in the field, for it was in this respect that he shone as a leader of men and women and as an organizer of their enthusiastic emotions into a force that has made for righteousness among the people of the world to whom progress toward better things seemed impossible."

## REFIEF CORPS TO ENTERTAIN POST

The women of the Wilson-Colwell Relief Corps will give a chicken supper at the G. A. R. quarters at the court house tomorrow night by way of observance of the thirtieth anniversary of the organization of the Wilson-Colwell Post of the G. A. R. Judge Edward Cronon, who is the founder of the Wilson-Colwell Post, is one of the three charter members who still survive. The supper will be served at 7:30. Following the supper, a photograph of the new monument to be dedicated to the members of the G. A. R. who are buried in Oak Grove cemetery will be exhibited.

## CASEY GIRLS VICTIMS OF MISFORTUNE

A crowd of girls from the La Crosse Clothing company, including the foreladies, the Misses Mary and Tessie Casey, enjoyed a launch ride to the Y. W. C. A. camp last evening. The evening was spent in playing games, when Miss Tessie Casey sprained her ankle. On the return trip when the boat landed Miss Mary Casey misjudged the distance to the landing and fell in the river, but she was rescued by the party. Every one in the party reported a good time.

## MARGARETE RYAN DIES IN LA CROSSE

Miss Margaret Ryan died of a complication of diseases at one of the local hospitals yesterday.

Miss Ryan was 75 years old and she was born in Ireland. She was an old resident of New Albin, Iowa, having resided there for the last forty years, and she was well known there.

The body was sent to New Albin this morning and burial will take place there tomorrow.

### DAUGHTER MENDS QUARREL

SAN MATEO, Cal., Aug. 21.—The difference between Nicholas McNamara, the local millionaire, and his wife, which culminated in the recent futile attempt by Mrs. McNamara to flee to Europe, have been patched up. Miss Gladys McNamara, daughter of the couple, brought her parents together.

## FATHER KILLS HIS DAY-OLD INFANT

Owatonna Man Arrested  
for Beating Out Brains  
of New-born  
Babe

OWATONNA, Minn., Aug. 21.—Anton Marick, 60, was arrested on a charge of infanticide today, having killed his child less than one day old by beating out its brains. He drove two older boys, 14 and 16 respectively, out of the house and finally chased a third and youngest boy away.

The youngest of the three crept around and peered through a window. According to his story the father in a drunken rage seized the new born infant by the feet, held it in the air and beat its head with his fists while the mother lay terrified and helpless.

The lad called his brothers who sent for Coroner Adair and Sheriff Leahy. When they appeared on the scene of the murder, they found the baby with its head horribly crushed and the father lying in a drunken stupor.

## ASSAULT VICTIM HID HIMSELF IN FEAR OF DEATH

(Continued from Page One.)

The suspicious blood stains on the clothes of the two men, aroused the residents of the peaceful valley as they seldom have been before. Search was made for Smith's body on the suspicion that he was the victim of foul play but no clew other than the marks of the midnight struggle on the road could be found. The farmers gravely shook their heads in discussing the affair. As a result the matter was taken to the authorities of La Crosse county for investigation.

### Autos Go After Suspects

Warrants for Tauscher and Schroer were immediately sworn out and two automobiles under the command of Sheriff Chris Burns were sent out to bring back the alleged assailants. Captain Larry Dugan, Coroner Leonard Kleeber and Detectives McGrath and Fitzsimmons accompanied the sheriff. The two men were found with a threshing crew on the Fred Heyer farm. They offered no resistance, merely requesting that they be allowed to go home to change their clothes. They talked freely on the way home admitting the assault but stoutly denied that they knew anything further of Smith. They said that he was alive and in no danger when they left him on the road.

Smith said today that his real name is Benjamin Peterson and his home is at Plattville, Wis. He said that he came to La Crosse county about a month ago and has been working on the Henry Schwer farm up to last Saturday, when he accepted a job on the Carl Walter farm. He admitted that he had a fight with Olaf Severson in front of Henry Rhodes' saloon Sunday afternoon and that he had quarreled with the bartender in William Meyer's saloon but did not connect these affairs with his fight on the road.

"I had \$15 and I thought they were after that," he said.

### Fearful to Report

He said that he did not report the matter to the police as soon as he arrived in La Crosse because he feared the impression his battered appearance would make. He stayed in his room at the Corcoran hotel and did not go out for meals for the same reason. He was treated by Dr. Wolfe.

Tauscher's parents live in Mormon Coulee, while Schroer's family reside on St. Joseph's Ridge. Tauscher is employed on John H. Meyer's farm. Schroer works for Henry Miller, a farmer.

### LEHIGH INCOME FALLS OFF.

NEW YORK, Aug. 21.—The 58th annual statement of the Lehigh Valley railroad company, issued today for the fiscal year ending June 30, showed the net income of the company to be \$6,472,075 a decrease of \$1,047,281 over last year. The net operating revenue was \$12,185,685, a decrease of over two millions. Increased operating expenses, increased taxes and costly improvements of the road-bed and rolling stock was given as the reason.

## PENROSE TO MAKE EXCUSES TODAY

Pennsylvania Senator to  
Explain \$25,000 Certificate of Deposit from  
Archbold

WASHINGTON, Aug. 21.—To disappointed packed galleries and a crowded floor, Senator Boies Penrose of Pennsylvania announced immediately after convening of the senate today that for personal reasons he desired to postpone until later in the afternoon his speech of defense to the charges that he accepted \$25,000 from John D. Archbold of the Standard Oil company.

The senator had given notice that he would address the senate at 11 o'clock on a "question of personal privilege," and in anticipation of a dramatic forensic effort, a big crowd had gathered both on the floor and in the galleries.

### Gives No Reason

Penrose refused to discuss the reason for his postponement of defense beyond saying that other business would be given right of way.

Penrose was to make his statement as a result of the publication of facsimiles of the correspondence between the Senator and Archbold, culminating October 13, 1904, in a letter purporting to have been sent by the Standard Oil magnate to the Pennsylvania senator and which was alleged to have gone with a certificate of deposit for \$25,000 sent "in fulfillment of our understanding."

The charge was made that this \$25,000 was in appreciation of Penrose's efforts as a member of the industrial commission.

### Used for Campaign

Penrose, away from Washington, at Atlantic City for a brief vacation, recalled the circumstances of the correspondence, declared it was the best of his recollection that the money was used to advance the Roosevelt campaign of 1904, but refused to go into details. Following his return to Washington, and after conferences here, he determined to give his version of the charges to the senate.

## SENATOR'S BROTHER ALLEGED A FORGER

SIoux CITY, Iowa, Aug. 21.—F. A. Kenyon, brother of United States Senator Kenyon of Iowa, will be arraigned here August 27 to plead to the charge of forgery, the outgrowth of a fight among the stockholders of the Iowa Sand and Gravel company. Supt. W. S. Page of Chicago filed the information. Kenyon gave himself up and is out on \$1,500 bond, and is today in Fort Dodge conferring with his brother, the senator. Page alleges that his name was unlawfully attached to incorporation papers filed in Des Moines.

## TWO WEDDED HERE IN DIVORCE COURT

MILWAUKEE, Wis., Aug. 21.—(Special.)—Charging desertion and non-support, Mrs. Ethel Hanley today filed suit here for divorce from John Hanley. The couple were married in La Crosse in 1909. The husband was only eighteen at the time. Mrs. Hanley wants to return to her maiden name, Ethel Fairbanks.

### "GHOULS" STEAL SPEECH.

MILWAUKEE, Wis., Aug. 21.—What he characterized as a "ghoul" trick resulted in J. J. Stephens of Indianapolis, president of the American Association of Cemetery Superintendents, making an impromptu address before today's session of the annual convention here instead of reading his prepared manuscript. A "graveyard" search was made for the carefully prepared paper but it had been stolen. That the old time tendency to associate a graveyard with gloomy, solitary, clammy thoughts was fast passing in this modern period and the correct plan of converting the burial places into real parks with broad avenues and cultivation of lawns and flowers was rapidly taking the place of the former, was a feature of the address.

### T. R. TO WILKESBARRE

OYSTER BAY, N. Y., Aug. 21.—Col. Roosevelt left here today by auto on his way to New York and Wilkesbarre, where he is scheduled to speak at the jubilee celebration of his friend, Father Curran tomorrow.

## SUSPENDED INFIELDER IS CLOSE TO HEARTS OF THE CHICAGO CLUB FANS

Johnny Evers.

He's the crack infielder of the Chicago Cubs, the man fans petitioned to have reinstated after President Lynch suspended him for snubbing the umpire. They thought they'd have to get him back to meet New York and that started the protest. Now they want to get him back as soon as they can, anyhow.

THE HEART IS THE DYNAMO OF LIFE

It is the perpetual motion of existence. One of the commonest symptoms of heart disease is shortness of breath and weakness upon the slightest exertion, with swelling of the feet and sometimes abdomen. Many cases of heart disease exist in persons who are apparently robust and who are not supposed to have anything the matter with them. Heart disease occurs as a complication of Bright's disease, the heart becoming very much enlarged and gradually weaker, as life advances. Rheumatism is also one of the commonest causes of heart disease.

If you are conscious that your heart is any more a part of you than your foot, it is a matter for immediate consultation with Dr. Turbin, the expert specialist and surgeon. Prompt attention oftentimes saves serious after trouble and possible death. The chances for recovery depend largely upon to what extent the disease has progressed. With the aid of suitable heart tonics which will act on the muscles of the heart and enable it to perform its functions, patients are enabled to live to an old age with comparative ease and freedom from pain. Dr. Turbin has specialized on the heart for twenty years. He has seen every phase of heart weakness; has treated everything in the shape of a weak heart. He has found that often the so-called heart troubles are not from the heart at all. He can show you where your hope may lie.

Have you fluttering of the heart? Have you skipping of the heart? Have you palpitation of the heart? Have you pain in the region of the heart? Have you pain in side of shoulder-blade? Have you shortness of breath? Have you weak, sinking, cold or dizzy spells? Have you rheumatism? Have you throbbing of the heart in excitement or exertion? If any of these questions apply to your case, it would be well for you to take immediate steps. Consult with Dr. Turbin, Dr. Turbin is an expert on heart and medicines.

**DR. TURBIN** of Berlin, Germany, the expert Specialist, who has visited La Crosse for the past twenty years; will be again in La Crosse at the Jefferson Hotel, Thursday, August 22.

Hours, 9 a. m. to 8 p. m., and every fourth Thursday thereafter. And in Prairie du Chien, at the Dousman House, Wednesday, Aug. 21.

RED WING WOULD TRADE ISLANDS

**RED WING, Minn., Aug. 21.**—One of the river shows traveling up and down the Mississippi river this summer caused considerable annoyance at Red Wing on Sunday, when after having been refused a license to exhibit there, tied up at the island opposite that place and gave its exhibition anyway, tooting away with its calliope during the hour of morning worship in the churches. The argument from this is made at Red Wing that that city ought to get control of the island and be in a position to stop such nuisances in the future. Red Wing wants the Wisconsin island there and La Crosse would like the Minnesota island on which Pettibone park is located. It would be a good thing for the two states to trade these islands.

Lake Superior  
Works Wonders  
In The Climate  
Of This Region  
Preventing  
Frosts In The  
Growing Season

## The Frost Proof Fruit Country

(See U. S. Government and Wisconsin State Reports.)

### No Irrigation

The Wisconsin State Horticultural Society says in its February 1912 Magazine:

A strip along the Lake Superior shoreline is unexcelled as an orchard region. In summer the weather is from 15 to 20 degrees cooler and in winter 15 to 20 degrees warmer than in any other northern state. The Bayfield Peninsula has 55 hours more sunshine than Springfield, Ill., and 5 days more growing weather than Sioux City, Ia.

### No Crop Failures

THOUSANDS of trees are being set out each year. 10,000 acres along this South Shore already under cultivation. Here you will find growing to perfection, apples, cherries, plums, grapes and all small fruits as well as all kinds of vegetables, berries and grapes. Over 100 cars of strawberries alone were shipped this season.

It is one of the most natural dairy sections on earth, timothy, red top, red and alsike clover spring up as by magic. Along the roads timothy stands four feet high. Clover seed, hulled, yields five and a half to seven bushels worth \$66.00 to \$84.00 per acre.

The vegetable yield is something wonderful, potatoes planted between rows of trees in young orchards yield 200 bushels to the acre—records show as high as 750 bushels rutabagas and 1200 bushels turnips to the acre.

Corn can successfully be matured in this district. All small grains have a wonderful growth.

Write today for full information and arrange to inspect the land personally. Our prices and terms can't be beat.

### No Hay Fever

Hon. E. A. Mares, in a Speech in Congress in April, 1912, said in part:

"Tens of acres of upper Wisconsin land will produce more than 100 acres of land under dry farming. This land is unsurpassed in fertility and adaptability to agricultural and horticultural purposes by any in the U. S. The climate is pretty nearly perfect. The rainfall is abundant and crop failures are unknown. Commercial fertilizers are scarce and because the land contains the accumulated fertility of the ages. The average net yield per acre from cherry orchards is from \$150 to \$400 and apple orchards yield is nearly as great."

"Twenty thousand dollars an acre would not buy it," the committee comments. "Its improvements are assessed at \$25,000, while that sum would not pay for the stone wall in front of the property."

The committee says the district's property is assessed in all for \$330,000,000 while its real value is \$744,000,000. The district, it is stated, has a higher income and higher expenditure per capita than any place of equal population in the world.

## RICH MEN ESCAPE FULL TAX BURDEN

House Committee Reports that Slums of Capital Bear Largest Share of Expense

WASHINGTON, Aug. 21.—How local slums bear tax burdens escaped by millionaires in assessment discriminations is vividly recited in a special report made to the house by a special investigating committee. Washington "cancer spots" the committee declares, are grossly over-valued for taxation purposes.

Gifford Pinchot is praised for calling attention to the fact that his handsome home is under-valued \$14,000. It is stated that John R. McLean, newspaper owner and main stockholder in the Washington Gas Light company, has his country home "Friendship" assessed at \$3,500 an acre.

"Twenty thousand dollars an acre would not buy it," the committee comments. "Its improvements are assessed at \$25,000, while that sum would not pay for the stone wall in front of the property."

## LOVING ELEPHANT CHASES THE COPS

Policemen Mistake Intentions and Flee Before Demonstrative Pachyderm

CHICAGO, Aug. 21.—"Lost in a great city" or the "Hunters Hunted" was the title of the near tragedy enacted on the south side here, yesterday.

Nero, a six ton elephant belonging to a circus playing here grew tired of being tied to a stake, so he pulled up the stake and wandered away. After wandering for an hour, doing great work for the cause of temperance among the "midnight sons" who encountered him on their way home, Nero lost his way. He wanted to get back to his tent but could not seem to locate it. Nero grew alarmed. He dashed madly to and fro. He grew peevish and kicked down half a block of brand new picket fence. He tried to squeeze between two cottages and pushed one off its foundations.

A back porch displeased him and he threw it forty feet. The owner called the police.

The officers came in a patrol wagon and Sergeant Clancy led the attack. When Nero saw the officers he thought because of their uniforms they were his keepers and trumpeting joyfully he started toward them.

"Run," shouted Officer Clancy, mistaking Nero's intentions.

Down the street at a gallop went the patrol wagon with Nero a close second and gaining every jump. When the wagon passed the circus tent Nero's keeper's sighted their long lost charge. One of the women performers ran into the street and shook her finger at the galloping pachyderm, crying:

"Naughty boy, come here this minute!"

Nero followed the girl docilely into the tent while the "coppers" tried to square themselves with the circus officials for "stealing" the elephant.

## KANSAS CASE AGAIN

TAFT FACTION SECURES A RESTRAINING ORDER TO KEEP ROOSEVELT ELECTORS OFF BALLOT

TOPEKA, Kas., Aug. 21.—Another contest in the courts over the Taft and Roosevelt electors in Kansas is promised today as a result of a temporary restraining order granted in the federal court, which prevents the names of the Roosevelt electors chosen at the recent primaries being enrolled on the ballots.

The action was brought by the Taft faction in the name of a voter, and alleges that the petition placing the Roosevelt electors in nomination was signed in the belief that these electors would vote for the convention nominee. It is alleged that republican voters would be virtually disfranchised by the electors failing to vote for Taft.

## SAYS FIGHTS ARE UP TO JOHNSON

MILWAUKEE, Wis., Aug. 21.—The statement by Jack Johnson in Chicago that Mr. McIntosh has not offered him (Johnson) \$50,000 for his meetings with Langford and McVey in Australia is not correct," said T. S. Andrews, representative for Mr. McIntosh here today.

"The fact is," continued Andrews, "Johnson signed a contract to meet these two men for \$45,000 and \$5,000 expenses, not counting his tickets, which is the same as \$50,000 for the two bouts. Mr. McIntosh wanted to deposit the \$10,000 forfeit in a Chicago bank, but Mr. Johnson objected, insisting that Alderman Al Tearney be made stakeholder, and also insisted that \$5,000 expenses be put up at once. Finally Mr. McIntosh agreed to post the money with Mr. Tearney and all Jack has to do is to say the word and the money will be turned over to Mr. Tearney. All Mr. McIntosh asks is a guarantee that Johnson will go to Australia and carry out his part of the agreement."

A man who always magnifies his wrongs always has plenty of trouble.

## UMPIRES MAY BE OUT FOR SEASON

PITTSBURG, Pa., Aug. 21.—X-ray examination may be made on the knee cap of Umpire William Brennan today to determine the extent of his injury sustained in yesterday's double header between Brooklyn and Pittsburgh. It is feared Brennan will be kept out of the game for the remainder of the season.

Umpire Clarence Owens, whose breast bone was broken by a foul tip, rested easily during the night. It will be some time before he can return to work.

## HOVLIK PITCHES A NO HIT GAME

MILWAUKEE, Wis., Aug. 21.—For the second time in two years the feat has been accomplished in the American association. Pitcher Joe Hovlik of the Brewers pitched a no hit game here yesterday afternoon, against Louisville.

The Cubs annexed two games in their tussle with the Phillies and gained a half game on the Giants. Lavender won the first and Reulbach and Smith took the second, 13 to 3.

## ATHLETES CLAIM NINE GAMES WON

Say Statement of Clothiers' Manager that They Have Won but Six Is a Falsehood

## WILLING TO FIGHT IT OUT

Manager of Team Declares Players Desire to Settle Differences on the Field

Taking exception to some of the statements made by the La Crosse Clothing company baseball club in replying to their challenge, the Athletes reply saying that they have won nine out of eighteen games played instead of having been victorious in only six out of sixteen combats as claimed by the Clothiers. They state that they prefer to settle their arguments on the baseball field and think that their game with the Nelsons next Sunday will prove that there are two good baseball clubs in La Crosse.

The Athletes' reply to the Clothiers is as follows:

"We hereby take exception to the article which appeared in last evening's issue of your paper and was signed 'Manager, (whoever that is) La Crosse Clothing Company Baseball Team,' and wish to repudiate several of the statements contained therein.

"For the benefit of the baseball fans of the city of La Crosse and surrounding country and anyone else who may be interested, we hereby give a list of the games won and lost by our team during the present season:

"Games won—Prairie du Chien, two games; Lynxville, two games; Onalaska, Galesville, Viroqua, Sparta, Summits.

"Games lost—Blair, Galesville, Onalaska (16 innings), New Lisbon (13 innings), Lynxville, Lanesboro, Bangor, Owatonna, Caledonia.

"This makes a total of 18 games played up to the present time, out of which we have lost but nine, giving us an average of an even .500. It is plain to see from this that the Clothing company's statement to the effect that we have won but six out of 16 games is a barefaced falsehood. Captain Kirchois of the Athletes has a complete record in the score book of the team covering these games and this record is open to inspection by any of the amateur or semi-pro teams around here or the sporting editors of the several newspapers of La Crosse. From figures we have at hand the Clothiers have played but 14 games against our 18, so we consider our record every bit as good if not better than theirs.

"As to the statement regarding our challenges: We issued a challenge to the winners of the Clothing Company-Summit series through the columns of the local papers August 3, and issued a second challenge to the Clothiers in last evening's issue. We also issued a challenge to the Nelson Clothing company baseball team in the columns of the evening papers on August 16, to which the Nelsons made no reply until today. Manager Evenson also states that previous to this he tried to make arrangements with the two clothing companies without any apparent success. We think this answers in full the Clothing company's denial of our persistence in trying to secure games with either or both teams.

"We, of course, prefer to settle our arguments on the baseball field, and our two games next Sunday with the Nelson Clothing company at the League park should demonstrate to the baseball fans of La Crosse that there are two good baseball teams in La Crosse.

A. J. EVENSON,

"Mgr. La Crosse Athletes."

The Red Sox took the third straight from Detroit. Dubuc was hit at will by the leaders. Joe Wood won his 26th game. Although the Red Sox made a clean sweep of the series their pennant lead was reduced to eight and one-half games, as the Senators took a double bill from Cleveland.

**RICHIE TO PITCH FOR CUBS TODAY**  
CHICAGO, Aug. 21.—That Manager Frank Chance of the Cubs would send "Lurid Lou" Richie against the Giants for the third time within a week was considered certain today and it was believed that either Marquard or "Big Jeff" Tesreau who whaled the Cubs last Friday, would work on the mound for McGraw.

Chance was confident after this morning's practice that the Cubs would add another victory to the two they copped last week.

"We've got their number and there will be nothing to it," said Chance this morning.

A grunt was all the Giants' manager would vouchsafe.

The Giants dropped off at Chicago on their way back east to play off a game postponed from May 12.
